

Lutheran Chapel Survey for 2022

After negotiating pandemic mess, waning levels of participation on-line and in-person, and other curveballs, efforts at renewal to reconnect are before our fellowship in 2022. This survey is intended to gauge interest with the upcoming changes to the worship schedule. The change to the Sunday schedule is the biggest with one common time for Sunday School/Bible study fellowship and for the Service at 10:00. I hope all will check commitment to these offerings for the new year! Below that are “little church” ideas and “home church” resources to consider as well. May our Father in Heaven grow our faith as we look to the new year that He alone can give and may He bless efforts among us to reconnect with one another. Peace in Christ, Pastor Michael

Big Church

Let us not give up meeting together as some are in the habit of doing but let us encourage one another and all the more as you see the Day approaching (Hebrews 10:25).

May as many of us as possible come together and reconnect on Sunday, the Lord’s Day. Please bring your personal Bible, choose a small group, and worship as regularly as possible.

_____ 9:00 Sunday School

_____ 10:00 The Service

Little Church

For where two or three come together in My name, there am I with them (Matthew 18:20).

Recognizing some of us will not be able to gather on Sundays, please check any “little church” opportunities that you may attend. These times are based on the traditional times for daily prayer.

_____ Tuesday – Noon Suffrages and Lunch Fellowship

_____ Wednesday – 7:00 Simple Holy Communion or Evening Prayer and Dinner Fellowship

Home Church

Pray continually (1 Thessalonians 5:17).

Gifts to support daily prayer such as **Our Daily Bread**, the Bible in a year discipline, and seasonal resources will be available among us.

_____ **Our Daily Bread**

_____ Daily Psalms (**the** prayerbook of King David, the Temple, our Lord Jesus and the Church)

_____ The Bulletin on-line or in print for **prayer lists and the Bible in a year discipline**
